FREQUENTLY ASKED QUESTIONS.

HOW LONG ARE YOUR SETS & BREAKS?

Generally our sets last 45 minutes, with minimum breaks of 15 minutes, but this is only a guide. We will fit our music around the particulars of your event, ie announcements, speeches, bridal waltzes etc. No two events are the same, and we are happy to work with you to organize exact times.

DO YOU SUPPLY A PA SYSTEM?

Yes – at no extra charge! We can provide a basic vocal PA all the way through to a full size PA including Subs, depending on the size of the room and the number of guests. (more people soak up more sound).

DO YOU PROVIDE A LIGHT SHOW?

Yes - at no extra charge! This coupled with a full size PA gives you a complete production setup at no extra cost.

DO YOU PROVIDE CD MUSIC IN BETWEEN PERFORMANCE SETS?

Yes – we will provide pre recorded music on CD or MP3 player to play in between our band sets. If you have specific music you want played, you can provide it to us on MP3 player on the night.

DO WE NEED PROVIDE YOU A RUNNING SHEET?

We will need to be provided with a running sheet for the day to co-ordinate loading in, sound check and starting and finishing times. Moments during the night such as toasts, speeches, cutting of the cake and dances should be listed.

WILL YOU PLAY PAST THE SET TIME FRAME IF WE NEED YOU TO?

We will organize the playing time period at the time of booking, however, if on the night you realize the time frame needs to be extended, we can accommodate this at an addition fee.

HOW DO WE PAY YOU?

Payment is by direct deposit, in full, no later than 7 days prior to your event. Please note we do not accept cheques.

DO WE NEED TO PROVIDE EACH BAND MEMBER MEALS?

Yes. You will find most venues include meals for musicians/entertainers as part of their packages. If you use private catering please make sure they are aware we are to be part of their catering arrangements.

HOW MUCH SPACE AND POWER DO YOU NEED?

Our standard 4 piece band is quite compact, so unless the venue has a stage, we can just as easily fit into most room corners. Be aware though that with a PA system and light show you won't want to set us up directly next to tables of guests, particularly in a large room where our sound needs to fill the room. Usually we are setup next to the dance floor, not directly next to tables of guests.

We will provide our own extension leads and power boards, but we will need access to a minimum of 1 standard 10 amp GPO.

WHAT ABOUT SHELTER?

We really don't like playing in the rain No seriously, our equipment is sensitive to the elements so please make sure you have us under shelter. If playing outdoors, you will need to organize a suitable sized shelter or a marquee.
